COMMENTS

- **Detection** and **Quantification** by Real Time Polymerase Chain Reaction (qPCR).
- The deadline for delivering the result, except for the need to repeat the test, is 7 working days after the sample enters our laboratory, or prior authorization of the analysis by the client, when applicable.
- Cases of **urgency** are answered within 2-3 business days, depending on the complexity of the test and the number of samples sent (variations in this period will be handled by e-mail), upon **100% rate**.
- Additional banking, customs and tax fees - **US \$ 220.00** - for each billing, by sending a report consolidating the analysis in the monthly period (to reduce these costs). The company reserves the right to modify the conditions in accordance with changes in Brazilian law or banking policies, without prior notice.
- **PAYMENT CONDITIONS:** Bank slip due 30 days after the issuance of the invoice.

Prices in effect from Jan/2023.
